## REPORT OF RELIEF AGENT

---

The administration of relief in Candia the past year has been for the most part fairly comparable to the year previous. The amount spent for direct relief of town cases after deducting the reimbursement made by the State was slightly less, as was also the town's share of old age assistance. The percentage of aid rendered by the state for direct relief reimbursement has been as follows: February through April, 33 1-3%; May through August, none; September through January 1938, 20%. Of the total amount of old age assistance, the town has contributed as follows: February through August, 50%; September through January, 1938, 25%. For the former period 2½% was added to cover administrative expenses, and for the latter 5% additional cost for the same purpose. The town has not advanced any relief for county cases, but in practically all cases the relief agent has issued orders on behalf of the county along with the orders for town cases, but the payment has been made direct by the county to those furnishing the goods or services.

As previously, there has been considerable demand on the relief agent to assist in finding employment for men needing work. The Bear Brook authorities have been able to absorb a large part of these except for the last three or four months. During this period, and at present, there have been a number of men waiting to be placed on some sort of work project, and it is hoped that the town wherever possible will co-operate by appropriating an amount sufficient to meet the requirements necessary to obtain supplementary funds. This is particularly true in regard to the blister rust appropriation. Reference to the report of this work for the past year, following this report, will show that \$818.52 of W. P. A. funds, and \$50.00 of state funds were spent in Candia almost wholly for employment of local men. This indicates assistance derived from sources out of town well worthy of a \$200.00 town appropriation. It is hoped that a similar arrangement will be worked out for the current year. W. P. A. grants were not made for this sort of work in towns not co-operating in 1937.

Attention is particularly called to the matter of reimbursement made to the town this past year by the recipients or their relatives for assistance previously rendered. This

willingness to make restitution when possible should certainly be greatly appreciated, and through such appreciation would of itself encourage a more widespread attitude of responsibility to do this.

The following statistics are shown for the year just ended.

## 1. OLD AGE ASSISTANCE

The persons named below received old age assistance for which the town paid the amount as shown. State and Federal assistance was also included in the total amount of aid rendered in addition to the amount shown below.

Annette N. Carr  
 Alice M. Beane  
 Rose D. Beaulieu  
 Richard F. Fifield  
 Uri E. Godfrey  
 Minnie S. Godfrey

Town's share                      \$279.61

Reimbursement has been made by Annette N. Carr to the amount of \$404.00 for old age assistance rendered to her in previous years of which \$277.25 was the town's share.
