CONCEPTUAL CONSULTATION (RSA 676:4,11(a) AND (c)): The conceptual consultation phase provides an opportunity for a property owner or agent to discuss with the planning board, in very general terms, the types of uses that may be suitable for the subject property. Although this discussion must take place at a public meeting of the planning board, notification of abutters and the general public is not required because the discussion is informal, and no plans or specific details are presented.
