

3/11/2031

Amanda,

Thank you for your sincere and heart felt apology.

With that, we can now put the issue of criminal matters to rest. This is in agreement with the settlement that I proposed to Trooper Kane, the investigating officer assigned by the NH state police.

On a more personal note, I do appreciate the difficulties of your role. The job of Selectman requires you and your peers to make a very significant time commitment on our behalves, and for that I thank you.

Having now witnessed your track record on issues, your treatment of town employees and your behavior in this sign matter, I question on whose behalf you are acting.

I will ask you to consider one final thought. Although we cannot all devote the time we might wish to in the governance of the town, we are all free to participate and have our voices heard. I would like to remind the Selectman of this town that it is our voices that you must consider. It is us citizens of Candia that you serve.

With Respect,
Erik Shifflett

A handwritten signature in black ink, appearing to read "Erik Shifflett". The signature is fluid and cursive, with a large initial "E" and "S".
