### **Moore Park**

The formal sports season is pretty much wrapped up. Jesse Remington HS hosted a soccer tournament the Saturday of the October snowstorm, finishing up just as the snow started in earnest. No sissies there that day. Depending on the weather, the bathroom water will be shut off and the lines drained some time this month. The new sign at the entrance to the park continues to get rave reviews.

Playground equipment material and repair quotes are in-process for purchase before the end of the year.

Lights on the Hill will be using the parking lot for overflow parking for their event in December.

### **Skateboard Park**

Repairs of the newly donated equipment structures continue, as the transition plates continue to separate from the concrete bases.

### **Summer Recreation & Ski Program**

The ski program administration is again being handled by the CYAA. They're planning two programs this year, one for the younger kids in Manchester and the Pats Peak program for the older kids. The 2012 season program materials have been received, notices distributed and signups are ongoing. Both programs will feature bus transportation reimbursed by the participants.
